We know that Larkin quality is always the best, that Larkin prices are always the lowest and that Larkin goods always satisfy.

Consequently we make the following offer to all people to whom their home merchant would give like credit:

We will send you an assortment of Larkin Products amounting to $10 and any Premium Merchandise offered in this Catalog as **given** therewith—all of your selecting—total cost to you $10. **Do not send any money in advance.** Keep the goods for thirty days. Try any or all of them. You will find that you never had better goods—seldom their equals—and that you never had as low prices, notwithstanding these goods are of far superior quality.

We entrust the goods to your care. When the 30 days end, and you are entirely satisfied, you pay the bill. If you can not say that they are the best value you ever had in their line, we will cheerfully take back the unused portions and refund the freight- and delivery-charges you paid. You need not pay anything for the quantities used in making a reasonable trial. You need not make any explanations or excuses. There will be no discussion. You are under no obligation to say anything except that you want us to remove the goods.

There is only one reason for this offer. **We** know Larkin value and Larkin quality and we want **you** also to know it. Two million perfectly satisfied regular customers everywhere deal with us. **We** want you to know what **we** and **they** know about the value and quality **you** can get through the Larkin Plan. Turn now to page 11 where the list of Products begins and then to the Premiums commencing on page 45. The Free Trial Order Blank is opposite this page. Just fill in your order and mail it. The goods are shipped to you upon receipt of your order.

THIS LETTER WAS WRITTEN FOR YOU!

Dear Madam:

Please accept this new Spring-and-Summer Larkin Catalog with our compliments. Millions of American women have given this Catalog an honored place in their homes. Very many of them consult it daily to "See First If Larkin Sells It," so as not to buy the same thing for the same price at the store and lose the big Premium-value they get here. Because of this we venture that you too, will find it interesting and helpful.

Perhaps You Know Us Well?

Are you familiar with the Larkin Plan? Are you one of our ten-, fifteen- or twenty-year customers? There are thousands of such. If you are, accept our grateful thanks. We send you this letter as our personal message, to say that we truly appreciate everything you have done. We know that by example and precept, by your constant use of Larkin Products for the home, and by the Larkin Premiums in your home, you have influenced many to save money. We are indebted to you for much kindly good will and many personal recommendations.

If You Have Not Yet Dealt With Us

Perhaps this is your first Larkin Catalog? Maybe you do not know Larkin Factory-to-Family value, and Larkin "Satisfaction -- or your money back" method of dealing? If so, you will not fail to observe that wise women everywhere are now buying fresh, pure, wholesome, guaranteed household supplies AND FURNISHING THEIR HOMES besides, with the same amount of money you now spend for supplies alone at the store! Thus, in forty years, have we raised the standard of living for millions.

The judgment of these millions from one end of the country to the other is convincing, is it not, that the Larkin Plan does all we claim?

WE GIVE YOU PREMIUMS THAT ALONE ARE WORTH NEARLY ALL YOU PAY

Our Catalog contains two grand divisions of merchandise:

First, pages 11 to 44, our 700 Products: foods, soaps, toilet preparations and other household supplies "used most where quality counts."

Second, pages 45 to 173, our Premium Merchandise (home furnishings, clothing and others), given with purchases of our Products.

With every purchase of Products you receive the factory-to-family saving in a Premium, which you choose yourself. You receive household supplies (as good as any, better than many store supplies) at usual store-prices, and in addition

a Premium equal in many cases, to the value of the Products purchased. Indeed, you may if you choose, take your Premium in a double quantity of Larkin Products! It is then plain that you receive double retail value.

How The Larkin Plan Makes Premiums of Such Value Possible

"How can we give a Premium of so great value with strictly high-class home supplies, at the same price a store charges for such supplies alone?" Because (1) We manufacture on a great scale most of our Products and sell them direct to you, thus saving the middleman expense. (2) The Larkin Plan serves a nation-wide demand. Direct from their sources we buy our raw material with the co-operative buying-power of over two million homes!

The merchant, on the other hand, buys to meet his local demand. He pays profits to the wholesaler and the manufacturer. And he charges these and his own profit and expense to you. This is why the Larkin Plan does with ease what your retailer can not do at all. Page 1 of our Catalog explains this.

Popular Ways of Dealing With Us

Read the Thirty Days' Free Trial Offer inside front cover of our Catalog and the Parcel Post terms on page 9. Buying individually for your own use, is fully explained on page 2.

The most popular way, however, is to join a Larkin Club-of-Ten, as explained on page 3. Larkin Clubs are everywhere. Any Club-member will introduce you to the Secretary of her Club. The Secretary can accept you even though the Club is started, getting Coupons for you -- see page 7.

You can organize a Larkin Club of your own, as explained on page 5. You will find it very profitable, and it will give you a little round of social, pleasure-giving duties.

Join This Circle of Two Million Women!

Look over the list of our Products. Examine our Premium pages. Then step into this cordial circle, and let the Larkin Plan "make $1 do the work of $2," for YOU. All your dealings are covered by the Larkin Guaranty, "Satisfaction -- or your money back."

Yours sincerely,

L A R K I N C O.

The Larkin Plan of Factory-to-Family Direct Dealing

TO NEW CUSTOMERS

DO you know the Larkin Plan?

Do you know that this plan has been in existence for 40 years, growing gradually from a simple idea to a mammoth successful organization?

Do you know that over two million families are taking advantage of it?

Do you know that by buying all of your household supplies possible, direct from Larkin Co., manufacturers, you can soon transform your home with house furnishings, clothing, etc. GIVEN to you with your purchases?

The Larkin Plan steps right over your storekeeper's head, over the man he buys from, over the head of the man that that man bought from. Straight from *our* factory to *your* door we come, with our superior Products for the home to save you money or give you extra goods. The usual three profits—one for the jobber, one for the wholesaler, one for the storekeeper—have been wiped away.

Where formerly the housewife *had* to pay the extra profits for the storekeeper's living and the line of profit-sharers behind him, today she can go clear over his head to Larkin Co. and enjoy the profit-savings, herself.

73d Ed. 315-2

You are here in direct touch with the _maker_. You can take your choice: _We_ will sell our goods to you at the price you used to pay the storekeeper, giving you better, fresher goods, and in addition presenting you with a Bonus in household furnishings, clothing, etc., to almost—in some things to quite—the value of the goods you buy. Or, we will present you with a Bonus in the goods themselves, giving you your selection of $10 worth of Larkin Products for the home for $5, for example.

No other *actual manufacturer of an extensive variety* of home necessaries will sell you his goods direct. Only Larkin Co. offers you that privilege. Over 60,000 people, annually, visit the Larkin factories and see Larkin Products made.

You are interested too, in the quality of goods.

Do you know that at the Second International Exposition of Pure Foods and Beverages, in St. Louis in 1911, when manufacturer after manufacturer could not meet the hard conditions that were necessary to prove the quality of their goods, every single Larkin Product met *all* the requirements laid down by the management of the Exposition?

Copyrighted, 1915, by Larkin Co., Buffalo, N. Y.

When the Pure Food Law came, laying down precise conditions that must be met, Larkin Co. had been "on its job" long before the Government passed the law. It didn't have to make one single change in its Products! They had been honestly made from the birth of each.

What is true of Larkin Products is also true of our Premium Merchandise—given with purchases of Products. The combined buying power of over two million customers enables us to give you the best output of leading manufacturers of standard lines. You will find among our Premiums almost everything required for home and personal use and comfort.

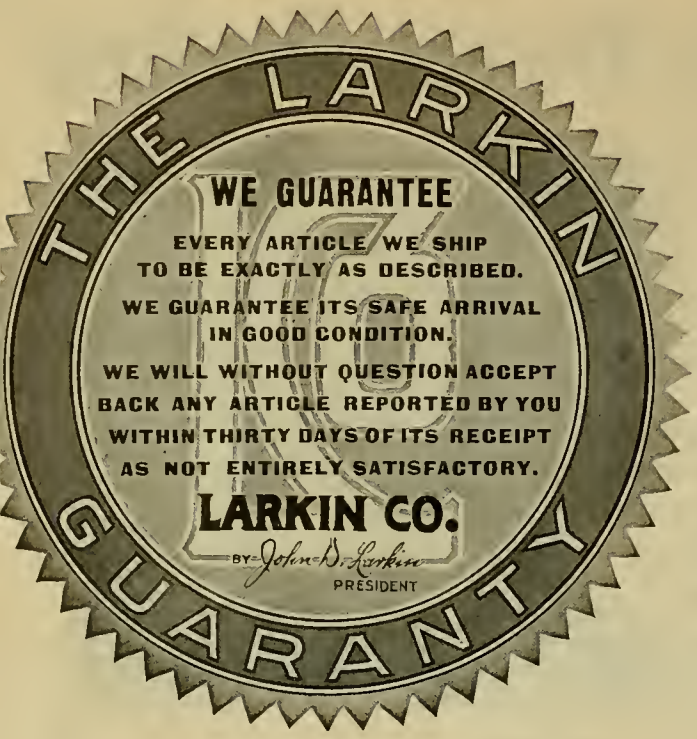
In every possible way your interests are studied under the Larkin Factory-to-Family Plan. Because it gives you better goods and more goods at the same price that you pay elsewhere, you should use it.

Where else can you buy goods fresh from the factory and at factory prices?

Read the Free Trial Offer on the first inside cover-page. On the next page are directions for ordering and our guaranty which applies to all Larkin goods. Observe how completely this guaranty protects you.

Write us if all is not clear to you. Your letters and orders will always receive immediate attention.

How to Order Larkin Products and Premium Merchandise



1. Larkin Products are described on pages 11 to 44. Larkin Premium Merchandise is described on pages 45 to 173. The index is on page 176.

2. No matter whether you wish to order much or little, for cash or credit, alone or in co-operation with friends and neighbors, the Larkin Plan provides a way for you to buy direct from the Larkin Factories.

3. Unless otherwise stated in the offer or directed in the order, Products and Premium Merchandise are shipped by freight. Any number of offers of Premium Merchandise may be combined to make the Products, with which such Premiums are given, amount to $10 worth—the smallest quantity you can economically have shipped by freight.

4. Or, as explained on page 9, you may order $1, $2 or $3 worth—any amount—by Parcel Post, enclosing postage with your order.

5. If your order amounts to $10 worth, you can, by paying cash, obtain a Present for Cash, as described in paragraph 14 below; or, as stated on the inside of front cover, we will ship you your selection of $10 worth of Products and Premium Merchandise on 30 days' credit.

6. If at first you think you cannot, yourself, use as much as a $10 assortment of Larkin Products, ask some of your friends and neighbors to join with you, send cash with your order and we will reward you for introducing our Products to your friends, as described on page 6.

7. An Order Blank for your convenience is enclosed in this Catalog; or, any plain piece of paper will do.

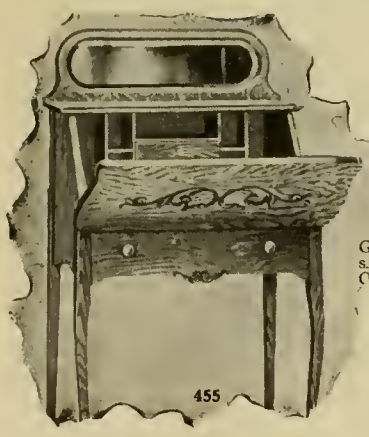
8. Send money in the form of a money-order, or your own check, or that of some neighboring merchant; or, if you cannot send any of these, send cash in a registered letter. Many banks now issue cashier's checks without fee.

9. For directions where to send orders, from any state, how to estimate freight-charges, etc., see page 8.

How to Determine the Cost of Your Order

10. You will find stated in the offer of each article of Premium Merchandise, the amount of Products with which it is given as a Premium. For example, see offer of Desk 455 below, from page 109.

11. Should you order *more* Products or *less* Products than the amount named in the offer of the Premium selected you can determine how much to pay by adding one-half the amount of *all* the Products you order to one-half the amount named in the offer of the Premium:



No. 455 GIVEN with an $11 purchase of Products or for $11 in Coupons. With other quantities of Products, see page 2. Shipping weight 67 lbs.
A handsome Desk in choice of Quarter-sawed Gold[illegible] Oak [illegible] genuine-Mahogany [illegible]

For example; the Premium shown here, Desk 455, and $14 worth of Products costs $12.50, figured thus:

One-half of $14 worth of Products is	$7.00
One-half of amount named in offer of Desk 455 is	5.50
Total amount to send	$12.50

Or, the Desk and $10 worth of Products costs $10.50, thus:

One-half of $10 worth of Products is	$5.00
One-half of the amount named in offer of Desk 455 is	$5.50
Total amount to send	$10.50

12. When you want Coupons instead of Premium Merchandise, you will be entitled to one 5¢ Coupon for each 5¢ worth of Products purchased for cash at Catalog-prices. When you want Coupons ask for them in the space provided on the Order Blank. See page 7 for full explanation of the value of Coupons.

13. You may order Products alone (without Premiums or Coupons), for one-half their Catalog-prices.

14. **Present for Cash.** As a Present for Cash, we add an extra 5 cents' worth of Products for each dollar's worth of Products ordered, when cash in full payment is sent with the order, and Products to the Catalog-value of $10 or more are selected.

This Present for Cash may be of your own selection, and included in your order. Thus, if such an order includes $10 worth of Products you select 50c worth of Products free; if $11 worth of Products, 55c worth free, etc.

15. **Credit Extended.** To all citizens of the U. S. to whom their *home* merchants would give like credit, *we will send on credit* their selection of $10 worth of Larkin Products and any Premium Merchandise given therewith as Bonus. *You need send no money.* All we ask is that a Larkin customer or a merchant will certify that you are given like credit at home. When you want to send more than a $10 order, cash must be sent for the amount in excess of $10.

The Larkin Club-of-Ten

An Easy-Payment Way to Get Products and Premiums

A Simple Easy-Payment Co-operative Plan of Getting Full Benefits of Larkin Dealing

Each Member Gets a Premium Which Represents the Saved Expenses and Profits of Middlemen

The Larkin Club-of-Ten—The Most Popular Development of the Larkin Plan.

16. **What the Club-of-Ten Is.** The Club-of-Ten is a banding together of ten or more persons to send ten orders for Larkin Products for the home, in lots of as little as one dollar's worth apiece each time. These persons receive with ten $1 purchases the same value in Products and Premium Merchandise as buyers of $10 worth at one time receive.

17. **Each Member Receives Premium Merchandise.** Each Member receives Premium Merchandise once during the series of ten orders. At the beginning, the Members decide, by drawing lots or otherwise, with which order each will receive her Premium. For example: Mrs. A. might receive the Premium with the first order, Mrs. B. with the second, etc.

When it is your turn to receive the Premium, you select as much Premium Merchandise as your total purchases of Products in the Club entitle you to. For example;—if your regular share in the Club is $1, making your total purchases in the ten orders, $10, you may select any Premium that is offered with a $10 purchase of Products. If you want more Premium Merchandise, you can get the extra amount by ordering additional Products or by paying cash, as explained on the opposite page.

18. **The More Products You Order the More Premiums You Get.** Your purchases of Products in a Club-of-Ten are not limited by your regular Club share. You may add any amounts of additional Products to your orders and with the additional Products you will receive Coupons which may be exchanged at any time for Premium Merchandise.

For example:—If your regular Club share is only $1, don't feel that you are limited to $1. You can easily order $2 or $3 worth—any amount—from the list of 700 Products for the home and by so doing, you will double or triple the amount of Premium Merchandise obtained.

Or, if you prefer, you may order the additional Products, *without* Coupons, at *one-half* Catalog-prices.

19. **Join a Club by All Means.** If you feel that you do not need $10 worth of Products at one time, by all means join a Larkin Club-of-Ten. Over one million housewives are adding to their home furnishings and personal comforts by means of the Larkin Club-of-Ten, without adding to their expenses at all. Any Secretary will be glad to have you join her Club. If you cannot find a Larkin Club-of-Ten to join, conduct one yourself. It will pay you well. Read on page 6 about the liberal Rewards given to Club Secretaries.

Each Member agrees to take, in each of ten orders, at least $1 worth of Products.

↓

The Secretary combines the orders and sends them as one to Larkin Co.

↓

Orders may be sent as often as agreed by Members and Secretary.

↓

Altogether each Member receives at least $10 worth of Products. →

Each Member also receives with one of the ten orders a PREMIUM. →

The PREMIUM alone is worth from $8 to $10. PREMIUMS are described on pages 45 to 173. →

The Products cost just what you now pay for similar supplies at the store.

↑

The PREMIUM is extra value which the storekeeper cannot afford to give.

↑

The PREMIUM represents the saved expenses of Jobber, Wholesaler and Retailer.

↑

There are over 100,000 Clubs-of-Ten now in operation.

Club-of-Ten Secretaries Well Rewarded for Sales Service

Any Larkin Premium Merchandise Can Be Easily Earned by Conducting Clubs-of-Ten.

20. The organizer of a Club-of-Ten acts as its Secretary and for this pleasant service she receives:

A Reward in Premium Merchandise which is at the rate of ONE-FIFTH the money paid for Products (see page 6):

and, the Present for Cash described on page 2 which consists of 5 cents' worth of Products for each $1 worth of Products ordered.

Both Reward and Present for Cash belong to the Secretary—not to the Members. They are her compensation for combining and sending the assembled orders of the Members. No Member will object to her receiving them, especially as any Member may herself organize and conduct a Club-of-Ten and obtain similar Rewards.

If the Secretary is also a Member of the Club she receives, in addition to the Reward and Present for Cash, all the benefits of a Club-Member as described on page 3.

21. **Thousands Are Conducting Clubs.** Over one hundred thousand women in the United States are conducting Larkin Clubs. Married and unmarried women engage in the work, both for the same reason—it offers a convenient opportunity to use spare minutes profitably while spreading among friends the benefits of factory-to-family dealing. We do not need to quote figures to prove that the cost of living is advancing rapidly, more rapidly than the increase in incomes. Many families are confronted with the hard problem of maintaining their accustomed comforts on an income that can not purchase as much as it did three or four years ago by one-fifth to one-third. If the housewife in such a family, or one of the older daughters, will organize and conduct a Larkin Club-of-Ten, the problem is largely solved.

22. **Send Us the Agreement-Form Below**—You will find your friends and neighbors glad of an opportunity to join a Club-of-Ten. Full directions for conducting Clubs are given on the next page. Cut off the agreement-form below (or ask us for a copy) and send it to us signed by all the Members. This completes the organization.

How to Form a Club-of-Ten and Earn Its Rewards

23. How to Begin. The many advantages of *belonging* to a Club-of-Ten are explained on page 3. Read that page over carefully and take the Catalog with you when you start to get your Members.

First talk the plan over with a friend that you feel will most likely be interested. After enlisting *her*, try some one else—one of her friends, perhaps, or some one you know yourself. You will be surprised to

First, Talk the Plan Over with a Friend.

find how quickly you will gain confidence when once you begin to acquire Members. Keep in mind that besides what you will gain yourself, you are actually helping your friends and neighbors to make their homes more complete without expense.

24. How to Organize. The organization is completed by having each one of your ten Members sign the Club-of-Ten Members' Agreement form shown on the opposite page (or a copy thereof). Send this to us with the first order. Please see that the names and addresses can be easily read. *When the Club is re-organized* after each series of ten orders, a new Club-of-Ten Agreement must be sent.

You need not necessarily belong to the Club, yourself. Many Secretaries *conduct several Clubs* at a time and do not belong to all. Most Secretaries, however, prefer to belong to the Clubs as by so doing they obtain all the advantages of Club-Members in addition to the Secretary's Rewards.

25. How to Assemble Members' Orders. At the beginning the Club should set the days of the month when the Club orders will be sent to Larkin Co. Also who shall receive Premium Merchandise with the first order, who with the second order, and so on, should be determined in advance, either by "drawing lots" or otherwise. On each day agreed upon each Member will give you her order for Products and the money to pay for them. As Club business is cash, *no credit should be granted.* The Members' orders should be combined into one order on our regular Order Blank, which should then be mailed to Larkin Co. Keep each Member's order-slip until the goods arrive so you will be able to check the goods with the order-slips.

When it is a Member's turn to receive it, her order for Premium Merchandise should be added. Write the name and number of the Premium or Premiums in the proper space on the Order Blank.

25½. How Freight-Charges Are Distributed. The Member who receives the Premium Merchandise must pay the freight- and delivery-charges on Premiums and Products.

26. How Your Rewards are Increased by Members Ordering Additional Products. In addition to their agreed Club share, Members may purchase Products in any quantity and with each added 5c worth of Products *will receive a Coupon.* These Coupons may be exchanged later for any Premium Merchandise. Encourage your Members to order additional Products in this way. They can easily do so from the long list of Larkin Products. Show them how unwise it is to pay full retail prices at the store when for the same money they can get similar articles from Larkin Co. *and Coupons besides.* Additional Products ordered in this way by the Members will *increase your Rewards* and Presents for Cash proportionately.

27. How Members May Get Additional Premium Merchandise. If the Premium Merchandise selected by the Member is more than her total purchases of Products entitle her to, without charge, she can pay the extra cost in cash or Coupons. How to determine the total cost of any varying amounts of Products and Premium Merchandise is fully explained on page 2, paragraph 11.

Let Your Friend Suggest the Next Member.

28. How the Social Side May Be Developed. The social value and popularity of the Club will be increased by occasional *entertainments.* Many Clubs hold *sociables* on arrival of each shipment. Secretaries often find it easy to *continue Clubs indefinitely,* and *increase membership* by these affairs. The organizer soon gains a reputation for attractive Club meetings, and *without asking,* receives applications for membership. Women with whom she has slight acquaintance (or none) very often apply, because they "heard so much about the good times the Larkin Club had" at her house. Thus enduring friendships often have arisen.

To foster this type of club life, we supply on request a folder of Entertainment Suggestions. The programs outlined therein are informal, entertaining, very inexpensive, and require little preparation.

29. How New Members May Join at Any Time. Do not limit your Club to ten Members. *Let new Members join at any time.* Simply add their orders to the regular Club orders and ask for Coupons. These they can exchange at any time for Premium Merchandise or Products. You will be rewarded for the orders of these additional Members just as you are for those of the regular Members. *The more Members, the greater the Reward.*

30. How Members May Withdraw. If a Member finds it necessary to withdraw, the Club may be continued by securing a substitute for the withdrawing Member. The Secretary should write promptly for directions, giving us full information.

31. How Larkin Co. Regards Your Club. Although Larkin Co. *welcomes* the organization of Clubs-of-Ten, it must be clearly understood that they are *private* organizations. Larkin Co. can *not* take part in a Club and must be excused from *all* responsibility for details. Members arrange these themselves. We treat every Club order received as a separate transaction. This prevents confusion.

32. How We Help You Form and Conduct Your Club. On request we will send a helpful book, entitled

"The Larkin Club-of-Ten,"

which explains the entire Club-of-Ten plan, tells how to form and to conduct a Club, and shows what Secretaries have accomplished in this *and other ways.* This book will prove of utmost value to you in forming a Club-of-Ten. You can request it on the Order Blank, or send us a postal card and we will mail the book to you immediately.

If you want copies of this Catalog to distribute among Club-Members, we will pack the number requested *with your order.* Please give them *only* to those who will use and *appreciate* them.

To assist Secretaries in conducting Clubs *easily,* without confusion or mistakes, we furnish free Members' Order-Books, each containing a complete Price-List of Products, and *ten* Order-Slips for Members' use in ordering Products from the Secretary. Request these on our Order Blank.

Every Secretary of a Larkin Club-of-Ten receives our monthly magazine,

"The Larkin Idea."

This little magazine is filled with the announcements of all additions to the list of Larkin Products and Premiums and other items of interest to Clubs-of-Ten.

On request we will gladly tell you how we assist prospective Secretaries in other ways to form Clubs-of-Ten.

Your Club-of-Ten is Quickly Formed.

32½. How to Make Your Club Most Pleasurable and Profitable. Teach your Members to use Larkin Co. as their great economical source of supply for all home needs included in the long list of Larkin Products. Get them to regard their regular shares in the Club merely as a basis for building up an order for all their needs that Larkin Co. can supply. By so doing, you can easily *double or triple your Rewards.*

How to Earn Rewards by Three Other Sales Services

33. **Sending a Recommended Order.** This is an order obtained by an old customer from a new customer. Whoever has made a $10 purchase, directly or as a Club-Member, is an "old customer." By "new customer" is meant a member of a family of which no member has ever received a shipment from us. Every member of the household of an old customer may procure Rewards for Recommended Orders, but the head of the family must sign all communications. Her (or his) full name must be written on orders and all letters.

34. **Sending a Neighborhood Order.** This is an order obtained by any one for Products to be distributed among ten (or more) families whose names and addresses are to be furnished when requested. *Children*, as well as grown-ups, *may take orders* for Larkin Products for the home. Thousands have in this way procured beautiful furniture for *their* rooms which they prize for life.

A bright girl or an energetic boy can get neighbors to order soaps and other articles, almost at any time. In a couple of days either will have orders amounting to at least $10. Your daughter or son can quickly own a fine writing-desk, high-grade camera, sweater, and many other things, by a few hours' work after school. It will be a good first lesson for them in business training, salesmanship and finance.

Orders from Neighbors Are Easily Obtained.

35. **Sending a "Coupon Club" Order.** Ten or even twenty persons promise one of their number—whom they will appoint Secretary—their orders for Larkin Products, to be given at such times and in such quantities as needed. They need not agree to order definite quantities at set times. They may order as much or as little as they like. The whole matter is entirely *informal;* the values alone are definite. The Members constitute a Coupon Club, which can be conducted with the utmost ease. *Anybody may join at any time.* Members may pay for Products at one-half Catalog-prices (in which case the Club is often called the "Half-price Club"), but usually they pay Catalog-prices and accumulate Coupons (see opposite page), until any desired article of Premium Merchandise is obtainable for them. Orders must be given with the cash to the Secretary, who will include them with other Members' orders and send them to Larkin Co. as often as $10 worth of Products can be ordered.

Secretaries should be particular to write in the Coupon-space provided on Order Blank the number of Coupons desired for distribution. When the necessary Coupons have been accumulated by a Member they may be *exchanged* for a desired article of Premium Merchandise to be shipped with the Products.

Save Larkin Coupons

They are Credits for Merchandise Due You

38. Ask for Coupons when you wish to accumulate:
Bonus due you for purchases of Products.
Rewards due you for Sales Service.
By taking Coupons with several orders you can quickly accumulate enough to secure any of the more valuable Premiums.

39. Each Coupon entitles the holder to the Premium-Merchandise value given with a 5¢ purchase of Products; or if preferred, to 5¢ in Products at Catalog-prices. When Coupons amounting to $2 or $10 are due, unless otherwise requested, they are issued in the form of Coupon Certificates. Coupons may be sent to us for redemption, most economically with a regular order, but separately if more convenient.

Now Issued Instead of Due-Bills and Certificates

40. Coupons are now issued in place of our former Due-Bills and Certificates of Reward for Sales Service. This simplifies matters for our customers. Each holder of Larkin Coupons knows immediately by the amount of Coupons she holds just how much Premium Merchandise or Products she is entitled to, instead of having to calculate it as formerly from Due-Bills, Coupons and Certificates. She can also make up her order more easily when only cash and Coupons are to be sent.

Coupons are a Great Convenience to Customers

41. **Coupons May Be Accumulated.** The issuance of Coupons proves a great convenience to customers, as it enables them to accumulate Bonus and Rewards to obtain goods of greater value than if each Bonus or Reward were taken immediately.

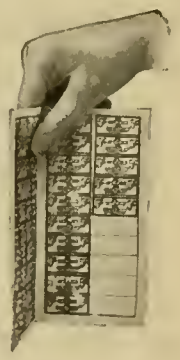
Coupons also enable Larkin Club Secretaries who take additional Members into their Clubs and those who sell Larkin Products to "outsiders," to give them their Merchandise-Bonus in a form which holders may accumulate and which we will redeem at their convenience.

42. **Due-Bills and Certificates Good Until Used.** All Due-Bills and Certificates of Reward heretofore issued are good until used. They will be redeemed when presented. Nor need you hasten to return them either,—the adoption of Coupons only is to be a convenience, and not an inconvenience, to our customers.

43. **Save Larkin Coupons and They Will Save For You.** Everyone knows the satisfaction of putting a small amount away each day in a savings bank and seeing it gradually grow into a large worth-while amount. Almost before you know it the nickels and dimes grow into dollars, and the dollars into five- and ten-dollar amounts.

Just so with Larkin Coupons. The Coupons that are received in varying amounts with each order, soon represent a very large amount. Such high-value Premiums as Colonial Buffet 10240, English Rocker 20240, Chifforobe 80160, Sewing-Machine 110220 and many others, quickly become possibilities to those saving Coupons.

44. **Duplicate Coupons Not Issued.** Duplicate Coupons cannot be issued if the originals are lost. Keep your Coupons as you would money. Keep them in a safe place. They are good for Products or Premium Merchandise at any time.



45. **Coupon Books Free.** We send customers Coupon Books upon request, for their convenience in saving Larkin Coupons, which are gummed for that purpose. Send for as many books as you can use.

46. **Premiums Are Priced in Coupons.** As a further convenience, the value in Coupons of each Premium is now stated in the offer.

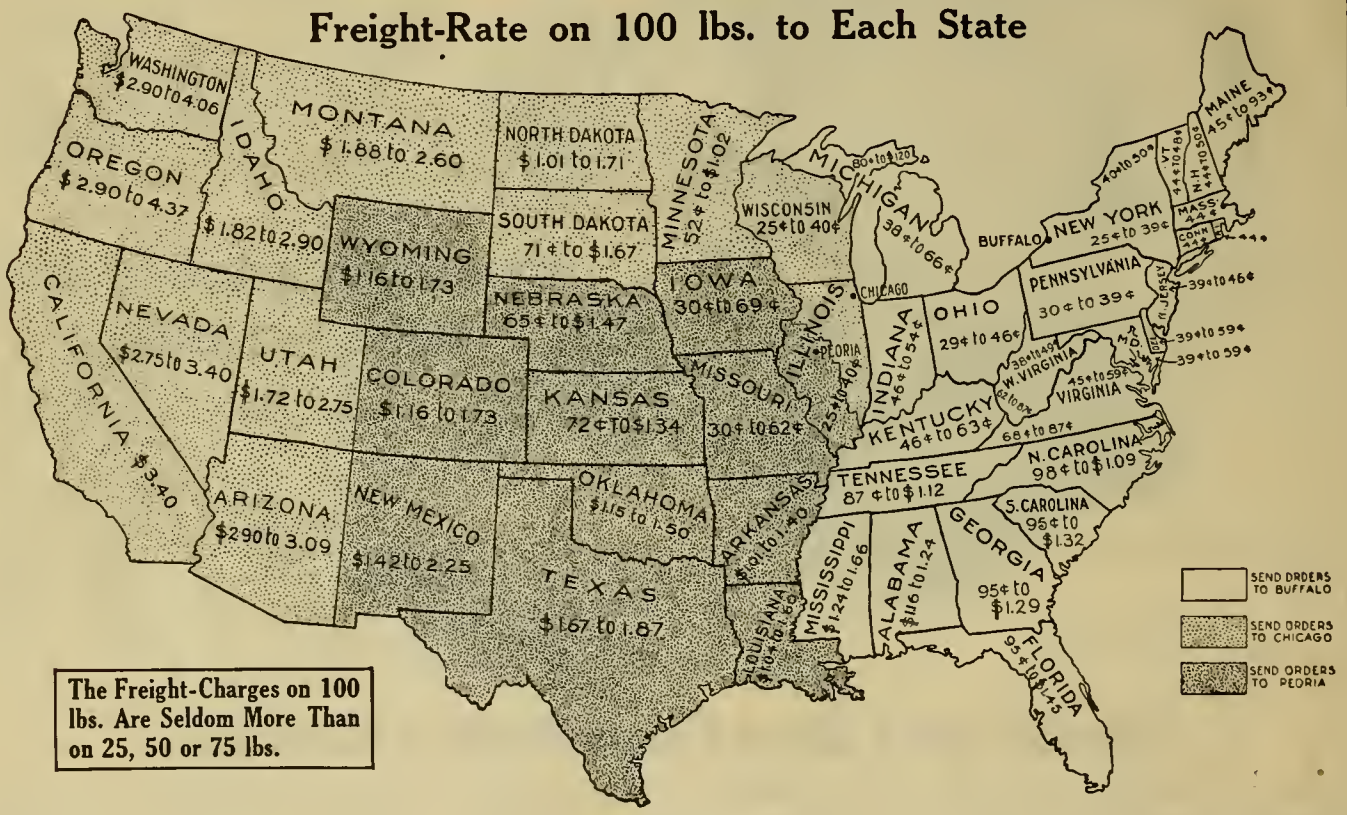
Where to Send Orders—How to Estimate Freight-Charges

47. Freight-charges are paid by customer on arrival of goods. Freight-charges on Larkin goods, however, are always small compared to the extra value gained by Larkin Dealing. To near-by customers freight-charges are relatively insignificant. To distant customers they are really just as small in proportion to the customer's factory-to-family saving, because there the merchant, too, has more freight to pay and must charge higher prices for his goods. Larkin prices are the same to all.

Customers served by our Chicago and Peoria, Ill. Headquarters (see map below) pay freight-charges from Chicago or Peoria only. Our customers in the far West save as much as those in Western New York. No matter in what part of the country you live, we can serve you greatly to your advantage.

As soon as the freight agent notifies you that your goods have arrived, see that they are promptly removed. The Railroads charge for storage 48 hours after notice of arrival has been mailed.

Map Showing Where to Send Orders and the Approximate Freight-Rate on 100 lbs. to Each State



The Freight-Charges on 100 lbs. Are Seldom More Than on 25, 50 or 75 lbs.

48. How to Estimate Freight-Charges

The shipping-weight of each Product and Premium, (not mailed postpaid), is stated in the Catalog offer. From these weights estimate the total weight of all the goods ordered to be shipped by freight.

Then, having estimated what your goods will weigh, you can determine from the map above (which gives the approximate freight-charges on 100 lbs. to each State) about what the freight-charges will amount to.

If an offer states that the Premium is shipped to your State direct from the factory where made, the freight-charges on that part of the shipment will be a little less or a little more than otherwise, depending on the location of the factory.

In such shipments, it will pay you, particularly if you live in the South or far West, to make your order for *Products* amount to 100 lbs. if you can, as the freight-charges will be little, if any, more than on a less weight.

49. $10 Worth of Products Is the Smallest Quantity We Ship by Freight

For many reasons it pays to order at least $10 worth of Products at a time.

In the first place, as stated above, the freight-charges on 100 lbs. are seldom more than on 25, 50 or 75 lbs.

In the second place, $10 worth of Products is the smallest quantity with which we give a Present for Cash, as explained on page 2.

Third: Reward Earners can obtain Rewards (see page 6) only for orders including $10 worth or more of Products.

How to Have Small Orders Delivered by Parcel Post

50. You can now have orders for any quantity of Products and mailable Premium Merchandise delivered quickly and economically by Parcel Post. If you live on a carrier-route, the goods will be delivered at your door by the postman. Send Parcel Post orders to Buffalo, Peoria or Chicago as directed on opposite page. Postage must always be enclosed with the cost of the goods. The shipping weight of each article, (unless mailed postpaid), is shown in the Catalog-offer. Weight limits of any article that may be shipped by Parcel Post are; up to 150 miles, 50 lbs.; beyond, 20 lbs.

We guarantee immediate shipment and safe delivery.

You may order either

PRODUCTS AND PREMIUM MERCHANDISE, or
PRODUCTS AND COUPONS, or
PRODUCTS ALONE.

51. You May Order $1, $2, $3 Worth—any amount, by Parcel Post

Orders to be shipped by Parcel Post need not include $10 worth of Products as required when shipment is to be made by freight. This is because Parcel Post rates given below, unlike freight rates, are equally economical on small orders. Cash in full, including postage required, must be sent with orders amounting to less than $10.

No Present for Cash or Reward for Sales Service is given for orders containing less than $10 worth of Products. Neither can two or more such orders be counted together to secure them.

Some Products are too heavy in proportion to their value to be economically mailed. Among these are Laundry Soaps and Powders, Cleaning and Scouring Pastes, Wall-Paper Cleaner, Lime, Lye, Starch, Salt, Nails, etc. When ordering these heavy Products, it is always advisable to build up your order to at least $10 worth and have it shipped by freight.

52. Amount of Postage to Send with Order

We ship to all states by Parcel Post.

If you live in one of the states named in the postage table, the table shows how much postage to send.

If you live in any other state, when the goods ordered weigh less than 10 lbs., tell your postmaster what the weight is and he will tell you the amount of postage required from Buffalo, Peoria or Chicago.

When the goods ordered weigh 10 lbs. or over, but less than 20 lbs., if you live in any other state than those named below, you will save money by directing on the Order Blank that the goods be shipped by express, sending no postage. Express charges will be collected on delivery.

When the goods ordered weigh 20 lbs. or more, it will be much to your advantage to increase the order to $10 worth and have it sent by freight.

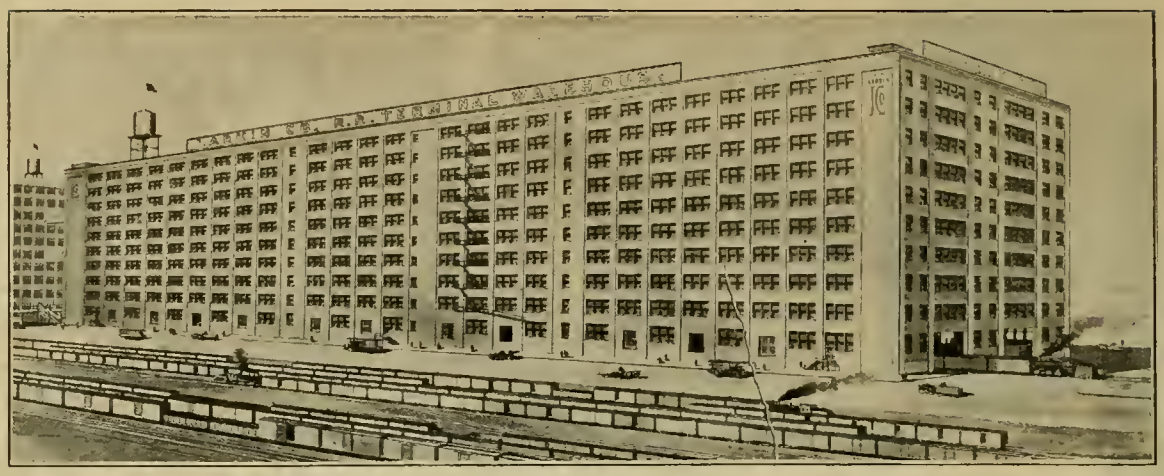
Things Good to Know About Larkin Dealing



Goods Are Shipped Promptly from Our Own Private Freight-Station.

53. **European War Affects Larkin Offers Very Little.** Fortunately, our business is little affected by the European struggle. Except for the comparatively few items which are imported wholly or in part from abroad we expect to fill orders as usual maintaining present prices as far as possible. Our offers, however, are subject to withdrawal without notice. This is the first time in the history of our business that we have been obliged to qualify our offers in this way. It is our earnest hope that an early end to the war will enable us to withdraw this qualification in the next edition of our Catalog, and to employ it but little during this one.

54. **Products and Premiums Usually Shipped Together.** *Unless* Premium Merchandise is offered *mailed postpaid* or *shipped direct from the factory* (see below), Products and Premium Merchandise (including mailable articles) are shipped together; if possible, in the same package, to reduce charges. With some exceptions goods are shipped the first or second day after we receive your order.

55. **Shipping from Manufacturers Makes More Favorable Terms.** Scores of factories located in different parts of the country where leadership in their special line of work has been attained, are engaged in manufacturing Larkin Premium Merchandise. To save cost of freight, handling and storage, some of the heavier Premiums are shipped direct from the factory to customer's home. We are able to offer these larger articles to customers on *more liberal* terms than would be possible if we had to *add* charges for freight to our warehouses, storage, handling and reshipping from there. The largest and heaviest articles are made in several factories, so that many Eastern and Western customers by this plan have the benefit of lower freight-rates than could be had from Buffalo.

When an article is shipped direct from the maker to customer, that fact is stated in the offer. Premiums not advertised as shipped direct from the maker are sometimes so shipped when ordered alone, that is, without Products.

56. **We Adjust All Claims for Breakages and Shortages.** If, despite our care in packing, any breakage or shortage should be discovered before goods are taken from depot, do not accept the article damaged until a full statement of damage, or a note of what is missing, is *endorsed* upon the freight-bill by *R. R. agent.* If after receipt of the goods at your home any breakage or shortage is found, report it if possible within twenty-four hours to the R. R. agent, either personally or by letter. Send endorsed freight-bill and copy of any such letter to us at once. We need this information to trace "shortages," or duplicate anything "missing." *We will immediately adjust the claim with perfect fairness to you.* If R. R. company overcharged you, we will refund the overcharge upon receipt of your freight-bill. Do not fail to send this. Until received we can not send you a refund.

57. **Report Breakage Before Incurring Repair Bill.** We can not recognize a bill for repairs which were made *without* our authority. Report to us any breakage or injury to goods in transit and rely upon our prompt attention and fair treatment. Do not incur any cost unless you *first* receive our consent.

58. **Get Shipping Instructions Before Returning Goods.** Never return any goods until you have written for and *received* our instructions. We might want to send them to a point near you. If for any reason any article is unsatisfactory, notify us without fail within a reasonable time, say not later than thirty days after receipt of the article, or as soon as defect is known, if later.

59. **Terms for Foreign Shipments.** Goods are shipped to Alaska, Canada and Hawaii, from our factory at Buffalo. Goods for other *foreign countries* are shipped in bond free on board cars at our Branch in Philadelphia, Pa. On all foreign orders to be shipped from Philadelphia, add 12½ per cent. of net price to cover freight-charges from Buffalo to Philadelphia, and the cost of *extra* packing. Merchandise for Canada, or foreign countries, always travels *with* the Products, to avert increased freight-charges and handling.

60. **When Referring to Order, Give Full Information.** *If you need to refer to orders previously sent,* to insure *prompt* reply, please give the following information:

(1) *Full name* and address of the person to whom the goods were to be sent (exactly as these appeared in the original order).

(2) *Date* when you mailed the order to us.

(3) *Names* of all Premiums ordered.

If you can not tell exactly, give the fullest information possible. You can get this from the copy you made when you sent the original order.

61. **You Need No License to Send Orders to Us.** It is illegal for you to be taxed or forced to take out a license because you send us orders for *your own* use, or on account of your connection with a Larkin Club, as long as you take orders for future delivery to neighbors. Without expense to *you*, we hereby guarantee to *protect* you from financial loss by reason of any demand—if it be made—upon you, for the payment of a tax or license, on the ground of your dealing with *us.*

If any one attempts to collect any license-fee or tax or interferes with you in conducting your Club, write us immediately, giving name, address and full particulars.

62. **Not Acknowledging Orders Averts a Needless Waste.** To acknowledge a million orders, even by a post-card, would cost $10,000 simply for the cards. Having over two million of customers, *we do not acknowledge receipt of orders.* Thus one waste is averted. The mails are so safe that you can rely upon your letter reaching us.

63. **Avoid Dealing With Unauthorized Persons.** *No* offers are made and no inducements are given by us, *unless contained in our printed matter. Avoid dealing with strangers who offer anything as from Larkin, not contained therein.* We do *not* authorize traveling solicitors to *collect money.* All money should be sent by mail direct to our office. Strangers who in our name demand money *in advance* probably are *impostors.* For safety's sake, ignore them. If you will report the cases to the police, you will do your community a service.

64. **Goods Offered in Former Catalogs.** Although this Catalog cancels all previous ones, *nearly all goods offered in the last previous Catalog can still be furnished,* and also many of those offered in *earlier* editions. Write for what you want. New editions are published on September 1st and March 1st yearly. Copies sent anywhere on request.

LARKIN PRODUCTS

Over 700 Necessaries for the Home—Pages 11 to 44.

Quality is the main consideration in the manufacture of Larkin Products.

You may pay higher prices for other goods but you will not *receive higher quality.*

The amount printed in this Catalog as the price of each Product is the price you would pay at the store.

But Larkin Products never cost you the full printed price. For you are given with purchases of Products, *without extra charge*, Merchandise-Bonus worth as much, or almost as much, as the Products themselves, as explained on pages 1 and 2. You may take this Bonus

(1) in additional Products, thereby getting a double quantity of Products for a single retail price,

or (2) in any Premium Merchandise which is offered on pages 45 to 173, with a purchase of the amount of Products included in your order.

No matter what way you deal with us, you receive almost, or fully, twice as much as when buying at stores.

The best perfumes are not necessarily an extravagance, however—as is proved by our quality and prices. The latter, when you consider the Merchandise-Bonus given with purchases of Larkin Products, are actually one-half of the printed amounts, thus bringing these refinements of the toilet within the reach of moderate means.

Trimmings Sometimes Vary

It is occasionally necessary to use embroideries and laces different in design from those illustrated. We import many of these trimmings, but are not always successful in anticipating the demand—hence the occasional substitution. In such cases we guarantee the design used to be equal, if not superior, to that illustrated.

For this reason it comprises one of the chief classes of Premium Merchandise given with purchases of Larkin Products. When bought at a retail store, it is a big item of expense, but Larkin Factory-to-Family Dealing provides an easy way to obtain a complete equipment without any expense whatever beyond the usual outlay for every-day necessaries.

Quantity production and large-scale buying give to Larkin customers the greatest possible value for the money they save by purchasing Larkin Products. MATERIALS—CONSTRUCTION—FINISH—SHIPPING

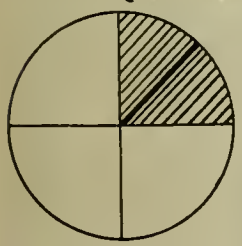
Wood

The woods used in Larkin furniture are carefully selected for strength of fiber and beauty in the figured grain. The Oak is from sound close-grained forest-trees cured by natural drying in the open air, which preserves the life of the wood. It is then prepared for use in furniture by the most scientific dry-kiln processes, which remove all superfluous moisture. The Bird's-eye Maple, so handsome in bedroom furniture, is selected from that peculiar variety of maple wood which is full of tiny "burls." The Mahogany comes from the forests of Cuba, and is chosen for color, figure and texture. Circassian Walnut is imported from Russia, and owing to its scarcity is used only as veneer on high-grade pieces. It is valued for the attractive figure of the wood and beautiful soft shades of coloring.

Quarter-Sawed Oak



No. 1

Our illustrations explain the meaning of the words "Quarter-sawed Oak," as used in describing our Furniture offers. Illustration No. 1 shows the log as it is first sawn into four quarters. Each quarter is then bisected from the heart to the bark. See heavy line in upper right quarter of illustration No. 1. Boards are then sawn parallel to the bisected section.

A quartered log requires *four times* as much handling as a "plain sawn" log, since the latter is only sawn from bark to bark. It is evident also that "quartering" involves loss of material, owing to the large number of small boards sawn. On the other hand it produces the most beautiful American cabinet wood obtainable, since the "veins" running from the heart to the bark are divided and resultant beautiful "markings" revealed, as shown in illustration No. 2.

The words "Selected Quarter-sawed Oak" mean that after a log has been "quartered" each board is carefully examined, and only those which show the finest markings are selected.

No. 2

Veneers

By the use of veneers, which are thin pieces of choice expensive wood laid upon other wood, much more beautiful furniture can be economically made than in any other way. Veneering brings out the wood grain and shows it at its best. The veneers are so solidly joined as to become a part of the core.

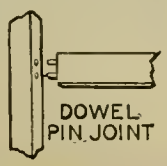
This construction is desirable because veneering imparts strength and stability to the furniture. These qualities result from reversing the direction of the grain in the several layers of wood used. There are always three or more layers. The grain of the outside veneers runs one way. The grain of the inside layers alternately runs at right angles to that of the layers next to them. Thus expansion and contraction are equalized. This helps to prevent shrinking, buckling and warping. We use veneer construction on all Larkin furniture which must be especially strong, from sewing-machine-cabinets to piano-cases. As far as possible we also use veneers even in the lower-cost articles of furniture.

MORTISE AND TENON JOINT

Construction

The factories which produce Larkin furniture specialize on sound and strong construction by the most improved and economical methods. Machinery of the latest type is used to manufacture uniform parts by the thousands. These are fastened together by approved structural joining which produces rigid furniture that will last many years. Screwed and glued corner blocks keep frames from racking. Accurately fitted mortise and tenon joints fasten posts and rails together. Pin and dowel work fasten rockers to their posts and prevent squeaking. Such parts as drawers are joined by dovetailing, cut to the finest degree of accuracy.

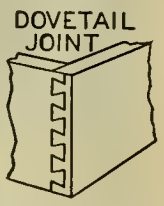
The efficiency of all this wonderful modern machinery and the specialized labor demanded by enormous production reduce the cost of manufacture to a minimum. That is one reason why Larkin customers receive such great value in the Premium Merchandise they select from these furniture pages.



DOWEL PIN JOINT

Upholstery

In upholstering Larkin furniture, a stuffing of tow, hair, silk floss and cotton felt is used, depending on the size of the cushion and the kind of furniture offered. Springs are used wherever needed. Durable coverings are made from both genuine- and fabrikoid-leather as well as attractive fabrics tested for wearing quality.



DOVETAIL JOINT

Finish

The finish of Larkin furniture is a matter of special care. Only the best materials are employed. At Buffalo and Peoria, large departments are maintained for finishing furniture that has been made at Memphis and shipped to these points "in the white." Here are used exclusively the high-grade Larkin Varnishes, Paints, Stains, Oils and Fillers. Thus another economy increases the value customers receive in Larkin furniture.

Shipping

Great economy for the customer is secured in shipping methods. Larkin factories in the East supply furniture for eastern orders and other factories in the West ship orders direct to customers in their vicinity. To reduce freight-charges still further, many articles are shipped "knocked down," which means "taken apart in sections, so that they may be packed in the smallest possible space." But in every such case the parts are so made that any one can easily and quickly put them together and the finished article is as strong as if assembled at the factory.

Illustrations

All are *exact* reproductions from photographs, or drawings. Each applies to the article described. *As* the article appears in the picture, so you will find the *original*, in sizes advertised. Not being drawn from imagination, our pictures are absolutely *reliable*.

Extra Keys

A duplicate key for the lock of any piece of furniture will be mailed, postpaid, on receipt of 5 cents. (A locksmith would charge 25 cents.) On ordering, always give the Catalog name and number of the article for which the key is desired.

Measurements

Only the *outside measurements* of furniture are given. These figures tell the space any article requires.

Larkin Groceries Save You One-Third

The Coupon Brings You the Book

SUGAR, coffee, flour, canned vegetables, dried vegetables, hams, bacons, fish, cereals, crackers, preserved fruits, relishes, confectionery,—groceries of all kinds not offered in our Products-and-Premium Plan are offered in the Larkin Grocery Book at a saving of from 15% to 40%. The Grocery Book is issued every two months by the Consumers' Wholesale Department. It is our intention to have on the mailing list the name of every person who is interested in having pure, fresh groceries and at the same time in keeping down that largest item of household expense—the grocery bill.

Everything is of highest quality, pure and fresh. Larkin Groceries are prepared under modern methods, packed and shipped in sealed packages, and they reach your table in perfect condition. They never reach you stale as is often the case with foods that are stored in wholesalers' warehouses and on retailers' shelves for weeks and months.

It is easy to order Groceries, either separately, or added to a regular Product-with-Premium order.

Our Guaranty Assures Your Satisfaction

Order any quantity of goods from the Larkin Grocery Book and serve them on your table. If after this test you do not pronounce our Groceries unsurpassed and see that you have saved money, tell us. We will remove what goods are left and will refund the entire amount you sent us, also the freight- and delivery-charges, making no charge whatever for the goods that have been used.

"The Club Secretary, the Club-Member, every woman who has ever ordered from us,—and every one who has not,—should be sure to send for the Grocery Book. It is one of our most important publications, making it possible for every Larkin customer to buy Groceries at an almost unbelievable saving."

Larkin Co.

"I entertained my Club and the refreshments were all from Larkin. We had Bouillon, Tuna Fish with Larkin Salad Dressing, Chow Chow, Pickles, Peanut Butter Sandwiches, Sliced Pineapple, Orange Jelly and three kinds of Larkin Cakes. For beverages we served Larkin Grape Juice and Cocoa. My Club-Members and I are very much pleased with all the Groceries."
MRS. J. M. PAYNE, Washington, D. C.

"Received my Grocery order amounting to $33.48 O. K. After deducting expenses such as freight-charges, drayage and money order, I realized a gain of $12.80 comparing with home prices. The goods are always fresh and clean. I have been a Larkin customer for about ten years and would say that everything is first-class and just as you quote it."
MRS. A. W. FOCHT, Liberty, Pa.

"I find that by using Larkin Groceries I can save a good deal. I save on Coffee alone, $7.80 a year. I always paid 40c and I find the Larkin Coffee even better at only 25c. I use a pound a week. On all the other Groceries, sugar, beans, molasses, syrups, soups, etc., I find that I can save one-third after the freight is paid."
MRS. ROBT. BRIGGS, Aberdeen, S. Dak.

"I certainly have always been well pleased with Larkin Groceries and have ordered them through the Club for some time. I save 4 1/5c per pound by buying your powdered sugar, and your 25c Coffee greatly surpasses what we get here for 35c. The Peanut Butter, Cookies and everything are always good and fresh, and offer a considerable saving too."
MRS. E. F. HURLEY, Greeley, Nebr.

Three Popular Instruments

With Larkin Products or Groceries and Home Supplies

ONCE you receive into your home one of the three instruments pictured on this page, you will understand why they have attained such instant popularity among our customers. No such values were ever offered to music lovers prior to our offers of Symphonics and Symphonolas. These offers are briefly mentioned on this page. Our Musical Instrument Catalog gives complete interesting details. Send for it.

Compare with similiar instruments sold at double our price of $60.

Plays Victor and Columbia Records. Six Records with Symphooola.

PLAN ONE—With Larkin Products

Symphonic Pianos, Symphonic Player Pianos or Symphonolas are to be secured with the purchase of Larkin Products under this Plan One, the same as any Premium Merchandise. Retail prices are paid for Products (see list of Products) when securing under this plan one of these instruments. Fifty cents out of every dollar sent for Products is credited on the instrument account. Many customers by selling these Products are by their own efforts paying for Symphonics or Symphonolas.

PLAN TWO—With Larkin Groceries and Home Supplies

Some customers are so situated that they cannot consume or dispose of a given quantity of Larkin Products over a certain period of time. To such we offer these instruments at attractive Factory-to-Family prices on condition that Groceries and Home Supplies be also bought from us at wholesale prices while payments are being made on the Symphonic or Symphonola. At these wholesale prices Groceries and Home Supplies are sold at an average saving of 35c on the dollar compared with usual store prices. This is Plan Two, the Groceries and Home Supplies Plan.

Musicales Concerts Operas with the Symphooola Only $60

Your attention is first called to the Symphonola. This instrument provides the most wholesome, enjoyable means of entertainment any family could wish for. There is scarcely an artist whose productions have challenged the attention of the music world but who has made records for either the Columbia or the Victor Companies. All such records are playable on the Symphonola. These include thousands of Popular, Sacred, Patriotic, Operatic and Dance selections. Six double disc records, manufacturer's selection go with each Symphonola. By adding to this generous selection other records from time to time you will always have right in your home entertainment for your family and guests.

These musicians whose records will thus delightfully entertain you will in time become as familiar to your family as if you were to often hear them at the concert, opera or musicale. These home musical treats will be just as delightful. The expense will be but a fraction of attending the concert or opera. Best of all the Symphonola is secured under either one of our Two Plans of Sale at a price greatly below the usual retail prices quoted by dealers for such instruments. We offer two styles, Symphonola Style B at $60 which is here shown and Symphonola Style A at $50 without the record cabinet. The Symphonola made for us by one of the two largest manufacturers of such instruments is the greatest value that has ever been brought to your attention.

Easy Payments—Without Interest

One to Four Years Time

On Symphonola Style B we allow one year to pay under Plan One, the Products Plan—or Plan Two, the Groceries and Home Supplies Plan. On the Symphonic Piano or Symphonic Player Piano we allow over four years in which to complete the purchase of the instrument under our plans. Our easy payment prices for these instruments are the same as our spot cash prices. This is the best proof that we do not charge interest under our Plans of Sale. This results from selling these instruments with Products or with Groceries. One of these plans will certainly meet your convenience.

This $450 Symphonic Piano Only $250

Piano dealers and agents do business at large expense. Such expenses make the retail price of the average piano about $200 more than it would be, were the same piano sold the Factory-to-Family way as we sell Symphonics. Symphonic purchasers know by comparing this instrument with pianos offered by local dealers that were the Symphonic sold the expensive retail way it would cost $450. We save every Symphonic purchaser $200. Half is a saving of retail expense, the other half is a saving of retail profit.

Here then in this superb Symphonic Piano is offered a $450 piano for the low price of $250 when purchased with Products or Groceries. Selling this Piano at retail would increase its price but not its quality.

Made under the personal supervision of Mr. Ernest J. Knabe, Jr., and Mr. Wm. Knabe, III. Stool and Scarf included.

Test in Your Home for 30 Days

The "home test" quickly determines the tone quality, the construction, the finish of any instrument. This opportunity is given to every purchaser of the Symphonic or the Symphonola. It is a generous home test that we allow. Try out the instrument for 30 days after you receive it. If you do not feel competent to pass upon the quality of your Symphonic or Symphonola call in any musician of your acquaintance to aid you.

78 Years of Piano Experience

Back of every Symphonic Piano and Symphonic Player Piano is the experience of one of America's most illustrious piano-making families. Mr. Ernest J. Knabe, Jr., and Mr. Wm. Knabe, III, the third generation of the Knabe family are the Symphonic's celebrated makers. Formerly they made the Wm. Knabe Piano, which they no longer make. The Symphonic is the first Piano to be made by members of the Knabe family in its long honorable history of 78 years, to be sold the Factory-to-Family way.

$10 Brings the Piano, $15 the Player Piano

Under Plan One, the Products Plan or Plan Two, the Groceries and Home Supplies Plan, $10 brings the Piano and the first month's supply of Products or Groceries. You also receive credit for the first month's $5 payment on the Piano.

To secure shipment of the Symphonic Player Piano you send $15. For this we send the first month's supply of Products under Plan One or the first month's supply of Groceries under Plan Two. We also give you credit for the first monthly $7.50 Player payment.

An Art Product of The Knabe Bros. Co. Factories.

Choice of Mahogany, Walnut, Oak.

Played with 7 Music Rolls or by hand. 12 Rolls, Bench and Scarf Included.

Proven By Two Years Test

Customers Declare In Favor of These Offers

Some customers who ordered these instruments when we first made known these offers now have them half paid for. The fact that these customers send us regularly each month under Plan One or Plan Two their orders for Products or for Groceries is the best evidence that our offers are not only convenient to accept but also convenient to carry forward to a successful conclusion.

This $650 Symphonic Player Piano Only $375

Those who have purchased the superbly constructed Symphonic Player Piano are among the greatest gainers by these instrument offers. Player Pianos equal to the Symphonic are commonly retailed by dealers at $650 and more. On the Symphonic alone $275 is saved. But the savings on the Symphonic are only a part of the gains resulting from accepting Plan One or Plan Two. You will also profit by large savings on the Products or Groceries and Home Supplies. In the Musical Instrument Catalog we have figured these savings out for you. Send for it.

Be convinced as you never have been before that it pays to buy every item of your household supplies from the Larkin Factories.

With the Symphonic Player Piano no one member of your family need be deprived of the joy which comes from personally producing music. Anyone, without previous practice, can play the Symphonic. Played with rolls of music, this instrument opens to all the realms of music. You can also play the Symphonic by hand the same as any piano which is not a player. With each Symphonic Player Piano we send without extra cost a liberal selection of music rolls of customer's selection.

THESE handsome furnishings would cost you $8 or $10 apiece at a retail store. By the Larkin Plan you can get them without charge as bonus (extra value) with your factory-to-family purchases of needed household supplies. You really get double value—$1.75 to $2 worth of goods for each $1 you spend. Do you wonder that over two million families use and endorse the Larkin Plan? If the goods do not satisfy you completely, we will return your money!

Allowance should therefore be made for these slight variations.
